Newsletter

We produce a twice-yearly Newsletter which provides details of activities at St Elizabeth's for individuals and organisations who are interested in the work of the charity.

This is sent to people and organisations who have requested information on our activities, local individuals or organisations, or people and organisations we have sent it to in the past and they have not indicated that they do not wish to receive it. This is done on the basis that the charity has a legitimate interest in ensuring people and organisations are aware of developments at St Elizabeth's and are able to support St Elizabeth's work with donations so that the activities can continue. This mailing is only sent twice a year, has a minimal impact on individual privacy, contains information which the recipients find valuable and there is a clear way in which recipients can ensure that they do not receive future newsletters.

How do we protect personal data?

We have in place appropriate procedures and technologies to maintain the security of all personal data from the point of collection to the point of destruction. Personal data will only be transferred to a data processor if it agrees to comply with those procedures and policies, or if it puts in place adequate measures itself.

Card payment details are not retained by St Elizabeth's.

We require our data/payment processors to conform to **PCI DSS** standards for data security. We also take appropriate measures to ensure that the data disclosed to us is kept secure, accurate and up to date and kept only for so long as is necessary for the purposes for which it is used. We will take all reasonable steps to destroy or suppress, or erase from our systems, all data which is no longer required. We may also contact you from time to time in order to ensure that our records are correct and up-to-date including your marketing preferences.

We will not transfer your data to countries or jurisdictions outside the EEA.
